## NORTHERN LIGHTS GEOTOUR

The Northern Lights GeoTour awaits you in the Kiilopää and Saariselkä areas, Finnish Lapland.

The caches will take you into the world of the northern lights and present facts and mythology about the aurora borealis phenomenon, which you can experience to the fullest only above the Arctic Circle.

At each location, punch your passport with the hole puncher in the cache. As you complete the passport, sign the logbooks in the caches and log your finds at [Geocaching.com](https://www.geocaching.com). Collecting punch marks from 6 caches, entitles you to purchase the black geocoin, and 12 punch marks the purple geocoin.

**Give us feedback on our GeoTour - you will have a chance to win an extra geocoin!**
